Lot 1

Homozygous Polled

Lot 2

EPDs have been genomically enhanced

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
11	1.0	75	114	30	66	9	-.44	39	.54	.56	90.86

Bred to Moel Dominator 906D (1402601). Due at any time

Lot 4

Homozygous Polled- EPDs have been genomically enhanced

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
10	1.2	65	96	30	59	5	-.38	28	.38	.18	72.03

Lot 5

Homozygous Polled - EPDs have been genomically enhanced

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
10	2.1	72	96	21	56	6	-.50	29	.29	-.09	67.40

Lot 6

Homozygous Black, Homozygous Polled – EPDs have been genomically enhanced
EPDs in catalog are correct.

Lot 10

Eligible for Futurity. Homozygous Polled

Lot 11

EPDs have been genomically enhanced

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
11	1.0	75	114	30	66	9	-.44	39	.54	.56	90.86

Lot 12

Homozygous Black, Homozygous Polled – EPDs have been genomically enhanced

EPDs in Catalog are correct

Lot 13

Homozygous Polled

Lot 18

EPDs have been genomically enhanced, Top 10% MB, YG. Top 40% for all others.

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
10	1	70	100	31	69	5	-.59	30	.51	.24	72.70

Lot 22 - Footnotes

This is a Homo Black, Multi Polled heifer that is a granddaughter of the great donor cow DARC P401 who has produced several outstanding bulls and 2 Futurity winners. With a 76# BW and a 112 WW ratio she shows lots of growth. Here is a thick deep bodied heifer that has 13 out of 16 EPD's ranked in the top 30% of the breed. She has been DNA tested so her EPD's are Genetically Enhanced.

Lot 23 - Footnotes

Here is a young heifer with GE EPD's also. She is Homo Black and Homo Polled. She had the highest WW ratio of all our heifers this year with a ratio of 119. This heifer ranks in the top 1% of the breed for DMI and RFI which shows excellent feed conversion. A full brother on test last year converted 4.7 #s of feed to 1 pound of gain and gained 4.5#s per day while he was on test. Her growth and maternal EPD's are all above average also. Don't overlook this young heifer because of her age.

Lot 34

Homozygous Polled - EPDs have been genomically enhanced

CED	BW	WW	YW	MK	TM	CEM	YG	CW	REA	MB	FPI
12	.1	55	82	27	54	8	-.43	19	.48	.48	75.39

Lot 37

Homozygous Polled, Homozygous Black - EPDs have been genomically enhanced
